

THE BRITISH INDEPENDENT FILM AWARDS

BENEFACTORS' PACKAGES 2008

In 2003 we launched the British Independent Film Awards Benefactors' Programme to great success. Now in the eleventh year of the Awards we continue to develop the programme which has enabled benefactors to support the Awards' promotion of new British filmmakers directly, and develop long lasting relationships between key members of the industry and the British Independent Film Awards.

This is a way for film professionals or companies involved in the industry to demonstrate that they or their company support the British Independent Film Awards and the British film industry as well as ensuring an allocation of tickets at this exclusive event at an early stage.

There are two benefactors' programmes, Corporate and Individual, outlined below. A benefactor will have access to a range of benefits which enhance the opportunity to engage at all levels of the British film industry. Numbers are strictly limited.

A **Corporate Benefactor Package** costs £3500 and includes the following:

- Four tickets to the British Independent Film Awards, including the after-show party
- A pre-booking window for further tickets at £350 each on a first-come first-served basis will be available
- Four additional Awards after-show party tickets
- Special mention as Benefactor in BIFA catalogue
- Logo and company blurb on Benefactors page of BIFA website with icon-driven link to your site
- Full-page advertisement in BIFA catalogue

And the **Individual Benefactor Package** costs £950 and includes:

- Two tickets to the British Independent Film Awards, including the after-show party
- Two additional Awards after-show party tickets
- Special mention as Benefactor in BIFA catalogue and on website

We look forward to you becoming a benefactor and thank you for your support of British filmmakers. For more information please contact Johanna von Fischer on 020 7287 3833 or email info@bifa.org.uk
